Dear Sir,

During our recent discussion by phone you said that the last notice of informal amendment has been sent to me 07 March 2005.

24 March 2005 you received my reply and ask me to present the deleted text with strike-through to show what text is being deleted.

30 March 2005 I sent the revised text to you. Since there was no reaction from the Office, I decided that you accepted my application and waited for the next step. I have not received any notice from your Office after this date.

Please consider my patent application and send me your decision.

Sincerely yours,

Alla Volman
